EXTERNAL EMAIL

Mark – I understand that EPA Region 6 has signed the AOC today (see attached). Section XXIX of the AOC states that the Effective Date of the Order is 5 days after the last signature. So it looks like May 15<sup>th</sup>, 2017 will be the date that all other deliverables/milestones will be keyed to. As a reminder, I took over from Randy Nattis several months ago and will serve as the primary OSC for work covered under this AOC. Warren Zehner, EPA Reg 6 will serve as the alternate OSC. Please copy both of us on any emails, etc. Let me know if you have any questions. I can also be reached on my cell (below).

I look forward to working with you and your team.
